 - 75% of the student's day is listening and so this would help that all students have equal access to hearing all words that are said
 - Helps keep noise level quieter and helps teachers with their voice
 - Because it is a high-ticket item, we felt it is important to ask the membership their thoughts
 - It is the newest technology. All new schools are built with this technology in the schools.
 - The district is not able to pay for this item, because the district is paying for other items such as cracks in the floor, carpet was fixed because of the flood, windows getting covered with protective glass/coating.
 - Include the presentation in the next PTO email and newsletter
